2008 Alabama Cotton Entry Form

Company Name: _____ Phone #: _____

Address: _____ Contact Person:_____

_____ Email:

The *Cotton Variety Trials* will be blocked into two groups, early season and full season. Both blocks will be planted on the same day; however, they will be managed for their maturity characteristics. **You are responsible for choosing which group your variety will be placed.** Please note if entry is to be placed in irrigated trials with rank of importance. Also, note root-knot nematode resistance.

Fee Amount: $500 /entry (Please make checks payable to: Auburn University - Dept. of Agronomy and Soils)

No systemic insecticide seed treatment.

Early Season*	**Irri. Trials** please rank	Root-knot Nematode Resist. (Y/N)	**Full Season***	**Irri. Trials** please rank	Root-knot Nematode Resist. (Y/N)

*** A comparison basis for Early season: FM 960BR; Full season: Deltapine DP 555BG/RR**
