

TABLE OF CONTENTS

Keynote Presentation

Evolving Communication to Inform and Educate Ricky W. Telg and Larry J. Connor	1
---	---

Partners in Production of a Wholesome Food Supply

Role of the Institute of Food and Agricultural Sciences in the Production of a Wholesome Food Supply Joseph C. Joyce	8
Role of USDA, Natural Resources Conservation Service (NRCS) in Production of a Wholesome Food Supply T. Niles Glasgow.....	12
Role of the Florida Farm Bureau in Production of a Wholesome Food Supply Wm. Patrick Cockrell	14
Role of Soil and Water Conservation of the Office of Agricultural Water Policy David Vogel.....	16
Role of Water Management Districts in the Production of a Wholesome Food Supply Jerry Scarborough.....	19
Role of Conservation Tillage in Production of a Wholesome Food Supply Raymond N. Gallaher and Larry Hawf.....	23
Sustainable Agriculture in Production of a Wholesome Food Supply E.T. York, Jr.....	28
Recycling Urban and Agricultural Organics in Fields and Forests Wayne H. Smith and Aziz Shiralipour.....	35
Use of Animal Manure in Production of Wholesome Food H.H. Van Horn, Jr., and P.W. Joyce.....	40
Organic Farming Practices J.J. Ferguson and M. Mesh.....	47

Tillage

Converting Conservation Reserve Program Contracts to Cropland in Oklahoma J. H. Stiegler, T.H. Dao, and T.F. Pepper.....	52
Telogia Creek Conservation Tillage Project B.F. Castro, J.C. Love, B.R. Durden, F. Johnson, and H.G. Grant.....	56
Obstacles to Sod-Seeding Winter Annual Forages in Mississippi David J. Lang, Robert Elmore, and Billy Johnson.....	60
Alternative Arkansas Rotation and Tillage Practices C. R. Dillon, T.C. Keisling, B. D. Riggs, and L.R. Oliver.....	65
Methods for Managing Nematodes in Sustainable Agriculture R McSorley and R.N. Gallaher.....	75
Cover Crop and Herbicide Burndown Effects on No-Till, Water-Seeded Rice P.K. Bollich.....	80
Mineral Concentration and Content for No-tillage Tobacco Following Simulated Excessive Rainfall and Supplemental Nitrogen Fertilizer E. B. Whitty and R.N. Gallaher.....	88

Vegetables

Nematode Population Levels on Vegetable Crops Following Two Winter Cover Crops R. McSorley and R.N. Gallaher.....	96
Lupin Hay as an Organic Fertilizer for Production of 'White Acre' Cowpea Cindy E. Wieland, Jorge A. Widmann, and Raymond N. Gallaher.....	100
Assessment of Soil Incorporated Crimson Clover Hay as an Organic Fertilizer Source in the Production of Bush Bean Brett L. Wade, Stuart J. Rymph, and Raymond N. Gallaher.....	108
No-Till Production of Irish Potato on Raised Beds Ronald D. Morse.....	117

Soybean - Wheat

Use of New Genotypes of Small Grain and Soybean in Conservation Tillage Systems	
R.D. Barnett, A.R. Soffes Blount, and D.L. Wright.....	122
Value of Roundup Ready Technology in Strip-Tilled Soybean	
D.L. Wright, P.J. Wiatrak, B. Kidd, W. Koziara, T. Piechota, J. Pudelko, and D. Zimet.....	126
Wheat Residue Management in Arkansas Double-Cropped Soybeans	
Caleb A. Oriade, Carl R. Dillon and Terry C. Keisling.....	133
Cover Crops for Weed Control in Conservation-Tilled Soybean	
D.W. Reeves, M.G. Patterson, and B.E. Gamble.....	140
Soybean Yield Response to Tillage and Landscape Position	
J.R. Johnson, K. C. McGregor, and R.F. Cullum.....	143
Timing of Deep-Tillage for Wheat-Soybean Double Crop in the SE Coastal Plain	
W.J. Busscher, P.J. Bauer, and J.R. Frederick.....	150
An Economic and Agronomic Evaluation of Selected Wheat Planting Methods in Arkansas	
T.C. Keisling, C.R. Dillon, M.D. Oxner, and P.A. Counce.....	156

Organic Waste, Conservation Tillage, Soil Quality

Establishing the Value of the Phosphorus and Potassium Contained in Poultry Litter for a No-Till Corn and Soybean Rotation	
J. H. Grove.....	169
Application of Unprocessed Urban Plant Debris Directly to Land	
Gerald Kidder, Marvin F. Weaver, David O'Keefe, and Richard W. Vories.	175
Use of Dairy Manure Effluent in a Rhizoma (Perennial) Peanut Based Cropping System for Nutrient Recovery and Water Quality Enhancement	
E.C. French, K.R. Woodard, D.A. Graetz, G.M. Prine, and H.H. Van Horn.....	176

Effects of Farm Management on Soil Quality E.E. Huntley, M.E. Collins, and M.E. Swisher.....	184
---	-----

Cotton

Reducing Surface Disturbance with No-Till and Low-Till Systems for Cotton in the Mid-South Gordon R. Tupper and Harold R. Hurst.....	189
Nitrogen Management for No-Tillage Cotton J.J. Varco, J.M. Thompson, and S.R. Spurlock.....	195
Influence of Starter Fertilizer on Strip-Till Cotton P.J. Wiatrak, D.L. Wright, J.A. Pudelko, and B. Kidd.....	199
Strip-Till Versus Conventional Tillage on Yield and Petiole-Sap Nitrate of Cotton and Soil Nitrate F.M. Rhoads, D.L. Wright, P.J. Wiatrak, and S.T. Reed.....	204
Cover Crops and Tillage Practices for Cotton Production on Alluvial Soils in Northeast Louisiana E.M. Holman, A.B. Coco, and R.L. Hutchinson.....	208
Cover Crops for Weed Control in Conservation-Tilled Cotton M.G. Patterson, D.W. Reeves, and B.E. Gamble.....	211
Tillage and Cover Crops Affect Cotton Growth and Yield and Soil Organic Matter D.J. Boquet, R.L. Hutchinson, W.J. Thomas, and R.E.A. Brown.....	214
Winter Crop Effect on Double-Cropped Cotton Grown With and Without Irrigation Phillip J. Bauer and James R. Frederick.....	220
Management of Reniform Nematodes in Strip Till Cotton Treated with Temik 15G and Telone II, Including Use of Telone II at Planting J.R. Rich, S.K. Barber, R.A. Kinloch, and D.L. Wright.....	223
No-till Cotton: Redvine Control on Clay Soil Harold R. Hurst.....	227
Weed Management in No-till Roundup Tolerant Soybean and Cotton Barry J. Brecke	233

Corn

Corn Forage Yield and Cost of Silage Production from Use of Yard Waste as Compost P.E. Hildebrand, R.N. Gallaher, and R. McSorley.....	238
Weed Control for Corn Planted into Sod M.L. Broome, and G.B. Triplett.....	245
Influence of Conservation Tillage Practices on Grain Yield and Nitrogen Status of Corn Grown on an Alluvial Clay in Louisiana H.J. Mascagni, Jr., R.L. Hutchinson, B.R. Leonard, and D.R. Burns.....	250
Tillage and Soil Insecticide Effects on Dryland Corn Yields J.E. Matocha, S.G. Vacek, and F.L. Hopper.....	255
Research Techniques Using Precision Agriculture Technology Roberto Barbosa, John Wilkinson, William Hart, Paul Denton, Roland Roberts, Don Tyler, and Don Howard.....	266
Effect of Low Input Technology on Tropical Corn Production on Small-Scale Farms C.S. Gardner, C.H. McGowan, R.L. Carter, C.L. Brasher, and G.L. Queeley.....	270
Corn Performance Trials in Quincy and Gainesville, Florida R.L. Stanley and R.N. Gallaher.....	281

Appendix

Past Conferences, Coordinators, and Proceedings.....	288
Editorial Comments.....	292
1997 Southern Conservation Tillage Conference Regional Steering Committee.....	294
Acknowledgment and Sponsors.....	297
Program of 20th Annual Southern Conservation Tillage Conference for Sustainable Agriculture	298
