

## ACKNOWLEDGEMENT

Behind every editor is a team of conscientious reviewers, who express their aspirations for a journal in terms of their evaluations of manuscripts. The following reviewers participated (some more than once) in shaping Volume 4 of **Southern Rural Sociology**. As readers will note, they have performed their task with great success, not only in recommendations on acceptance, but also in their constructive advice for improvements. Thank you!

Alan C. Acock  
Donald J. Adamchak
