

Dairy Quiz Bowl 2009

- ❖ Seeding in the contest will be determined by a draw.
- ❖ Each round consists of 12 questions: 10 toss-up and 2 bonus questions.
- ❖ Toss-ups are multiple choice, usually with four options. (Options are not necessarily designated A, B, C, or D.)
 - Correct answers are worth 10 points. Incorrect answers bear a 5 point penalty.
 - Anyone may buzz in to answer a toss-up question, and there will be no discussion among teammates.
 - You will all have 10 seconds from the last word of the question and answers being read to buzz in and then a maximum of 5 seconds to say your answer.
 - If a member of one team buzzes in yet provides an incorrect answer, the question will be reread for the members of the opposing team, and only members of that team will be eligible to answer.
 - However, the other team is not required to wait for the question to be reread before buzzing in.
- ❖ Bonus questions may be multiple choice or open-ended.
 - Correct answers are also worth 10 points, yet incorrect answers to bonus questions bear no penalty.
 - For bonus questions, team members may talk amongst themselves and discuss the answer.
 - Each team must have a team captain who buzzes in with the teams' answer. Note: **ONLY** the team captain may buzz in and give their collective answer.
 - Again, you will have 10 seconds from the last word of the question and answers being read to buzz in and then a maximum of 5 seconds to say your answer.
 - If one team buzzes in yet provides an incorrect answer, the question will be reread for the opposing team, and only that team's captain will be eligible to answer.
 - However, he or she is not required to wait for the question to be reread before buzzing in.
- ❖ The winner of each round advances to the next round!
- ❖ **Have fun!**
