## Contents

<b>Section 1: Introduction</b> . . . . .	1 - 27	Liver and Pancreas . . . . .	45
Introduction . . . . .	1	Gastrointestinal Hormones . . . . .	49
Nutrient Requirements . . . . .	3	The pH and Digestive Process . . . . .	51
Digestion and(or) Metabolism Study . . . . .	10	Digestive Enzyme Activities in Pigs . . . . .	52
Minerals in General . . . . .	12	Food for Thought . . . . .	54
Vitamins in General . . . . .	22		
<b>Section 2: Digestive Physiology</b> . . . . .	28 - 54	<b>Section 3: Rumen Microbiology and</b>	
Introduction . . . . .	28	<b>Fermentation</b> . . . . .	55 - 79
From Feed Detection to Esophagus . . . . .	30	Introduction . . . . .	55
Stomach . . . . .	37	Microbiology of the Rumen . . . . .	56
Intestinal System . . . . .	41	Ruminal Fermentation in General . . . . .	68
		Microbial Fermentation . . . . .	69
		Changes in Ruminal Function . . . . .	71

Fate of the End Products of Fermentation . . . .	73	Transamination and Deamination . . . . .	179
Gastric Digestion in the Young Ruminants . . .	76	Vitamin B <sub>6</sub> . . . . .	180
<b>Section 4: <i>Water and Electrolytes</i></b>		D-Isomers, $\alpha$ -Keto and $\alpha$ -Hydroxy Analogs .	182
<b>(<i>&amp; Iodine</i>)</b> . . . . .	80 - 99	Excretion of Nitrogen . . . . .	183
Water . . . . .	80	Special Functions of Amino Acids . . . . .	184
Electrolytes in General . . . . .	87	Folacin, Vitamin B <sub>12</sub> and Cobalt ( <i>&amp; Sulfur</i> ) .	185
Sodium and Chlorine (Salt) . . . . .	88	Essentiality of Amino Acids . . . . .	191
Potassium . . . . .	91	Amino Acid Disproportion . . . . .	193
Iodine . . . . .	93	Protein Quality . . . . .	195
Electrolyte Balance . . . . .	94	Protein and(or) Amino Acid Requirements . .	198
Electrolytes and Iodine for Fish . . . . .	97	Ideal Protein . . . . .	205
<b>Section 5: <i>Carbohydrates</i></b> . . . . .	100 - 116	Amino Acids and Energy . . . . .	208
Introduction . . . . .	100	Amino Acids and Environment . . . . .	210
Nutritionally Important Sugars/CH <sub>2</sub> O . . . . .	101	Gender/Type of Animals and Amino Acid	
Digestion . . . . .	105	Requirements (e.g., Pigs) . . . . .	211
Absorption . . . . .	108	Repartitioning Agents and Amino Acids . . .	212
Metabolism . . . . .	109	Crystalline Amino Acids . . . . .	213
Dietary Fiber . . . . .	113	<b>Section 8: <i>Energy Metabolism and Vitamins/</i></b>	
Palatability . . . . .	116	<b><i>Mineral</i></b> . . . . .	215 - 241
<b>Section 6: <i>Lipid Metabolism and Vitamins/</i></b>		Energy Systems . . . . .	215
<b><i>Mineral</i></b> . . . . .	117 - 158	Energy Requirement . . . . .	218
Introduction . . . . .	117	Growing Animals and Energy (e.g., Pigs) . .	222
Essential Fatty Acids . . . . .	118	Breeding Animals and Energy (e.g., Swine) .	224
Fatty Acids and Human Health . . . . .	122	Thiamin (Vitamin B <sub>1</sub> ) . . . . .	226
Digestion and Absorption . . . . .	124	Riboflavin (Vitamin B <sub>2</sub> ) . . . . .	228
Metabolism . . . . .	126	Niacin . . . . .	231
Brown Adipose Tissue . . . . .	128	Pantothenic Acid . . . . .	233
Vitamin E and Selenium Interrelationships .	129	Biotin . . . . .	234
Vitamin E . . . . .	131	Chromium . . . . .	237
Vitamin E and Human Health . . . . .	134	<b>Section 9: <i>Bone and Vitamins/</i></b>	
Selenium . . . . .	136	<b><i>Minerals</i></b> . . . . .	242 - 274
Choline . . . . .	141	Bone in General . . . . .	242
Supplemental Dietary Lipids . . . . .	145	Calcium and Phosphorus . . . . .	246
Feed Grade Lipids . . . . .	155	Other Minerals in Bone Physiology . . . . .	255
<b>Section 7: <i>Protein Metabolism and Vitamins/</i></b>		Magnesium . . . . .	255
<b><i>Minerals</i></b> . . . . .	159 - 214	Manganese . . . . .	257
Protein in General . . . . .	159	Zinc . . . . .	259
Protein and Amino Acids . . . . .	161	Fluorine . . . . .	262
Protein Digestion . . . . .	165	Vitamin D . . . . .	263
Absorption of Amino Acids and Peptides . . .	172	Vitamin A . . . . .	267
Protein Metabolism in General . . . . .	175	Vitamin C . . . . .	271
Protein Synthesis and Turnover . . . . .	176	<b>Section 10: <i>Circulation and Vitamin/</i></b>	
Amino Acid as a Source of Energy . . . . .	178	<b><i>Minerals</i></b> . . . . .	275 - 284
		Vitamin K . . . . .	275
		Iron . . . . .	277

Copper .....	281		
<b>Section 11: Pig Nutrition and Feeding</b> .	285 - 315		
Replacement Boars and Gilts .....	285		
Boars and Sows at Breeding .....	287		
Gestating sows/Gilts .....	288		
Lactating Sows .....	291		
Suckling Baby Pigs .....	294		
Baby Pigs .....	296		
Feeder Pigs .....	300		
Grower-Finisher Pigs .....	301		
Nutrient Requirement Tables .....	309		
<b>Section 12: Poultry Nutrition and Feeding</b> .....	316 - 331		
Introduction .....	316		
Poultry Diets in General .....	316		
Energy and Nutrients for Poultry .....	317		
Various Poultry Diets .....	320		
Major Ingredients for Poultry Diets .....	321		
Feeding Programs .....	323		
Nutrient Requirement Tables .....	326		
<b>Section 13: Horse Nutrition and Feeding</b> .....	332 - 359		
Introduction .....	332		
Nutrient Requirements .....	333		
Feed Ingredients and Feeds .....	337		
Feeding Horses .....	341		
Nutritional Related Problems and Feeding Management .....	345		
Nutrient Requirement Tables .....	348		
<b>Section 14: Beef Cattle Nutrition and Feeding</b> .....	360 - 391		
Beef Breeding Herd .....	360		
Management of Calves .....	364		
Heifer Development and Managing Bulls ..	366		
Grazing Management .....	367		
Beef Cattle Types and Growth .....	369		
Systems for Growing and Finishing Beef Cattle .....	371		
Managing Newly Received Cattle .....	374		
Starting Cattle on Feed & Feed Bunk Management .....	376		
Finishing Diets for Market Cattle .....	378		
Nutrient Requirement Tables .....	384		
		<b>Section 15: Dairy Cattle Nutrition and Feeding</b> .....	392 - 425
		Feeding Dairy Calves .....	392
		Feeding Heifers, Bulls, and Dairy Beef .....	395
		Feeding for Milk Production .....	397
		Nutrient Requirement Tables (Non-lactating) ..	406
		Nutrient Requirement Tables (Lactating) ...	416
		<b>Section 16: Sheep Nutrition and Feeding</b> .....	426 - 446
		Introduction .....	426
		Feeding Ewes .....	428
		Feeding Very Young Lambs .....	432
		Feeding Growing and Finishing Lambs ...	434
		Potential Nutritional Problems .....	438
		Feeding Replacement Ewes and Rams .....	439
		Urea and Feed Additives & Implants .....	441
		Nutrient Requirement Tables .....	442
		<b>Section 17: Fish, Dog, and Cat Nutrition and Feeding</b> .....	447 - 480
		Fish Diet Formulation and Processing .....	447
		Fish Feeding Practices .....	453
		Nutrition of Dogs and Cats in General .....	461
		Nutrient Requirements of Dogs and Cats ...	462
		Commercial Pet Foods and Table Scraps ...	466
		Feeding of Dogs and Cats .....	469
		Pet Food Labels .....	475
		Nutrient Requirement Table for Fish and Dog & Cat Food Profile Tables .....	478
		<b>Section 18: Diet Formulation and Common Feed Ingredients</b> .....	481 - 531
		As-Fed, Dry Matter, or Air-Dry Basis .....	481
		Simple Diet Formulation Techniques .....	483
		A Complete Diet, Supplement, and Base mix .....	486
		Feed Ingredients in General .....	492
		Brief Description of Some Common Feed Ingredients .....	497
		Feed Additives .....	502
		Analysis of Feed Ingredients and Diets .....	506
		Processing of Feed Ingredients and(or) Diets .....	511
		Composition of Common Feed Ingredients ..	515
		<b>Section 19: Glossary</b> .....	532 - 542
		<b>Section 20: Major References</b> .....	543 - 548

## A Tribute to the Stockman

*Behold the Stockman!  
Artist and Artisan, he may be polished,  
or a diamond in the rough . . .  
but always a Gem.*

*Whose devotion to his animals is  
second only to his love of God and family,  
whose gripping affection is  
tempered only by his inborn sense of  
the true proportion of things,  
who cheerfully braves  
personal discomfort to make sure  
his live stock suffer not!*

*To him,  
there is rhythm in the clatter of the horse's hoof,  
music in the bleating of the sheep and the lowing of the herd.*

*His approaching footsteps call forth the whinny of recognition.  
His calm, well-modulated voice  
inspires confidence and wins affection.  
His coming is greeted with demonstrations of pleasure,  
and his going with evident disappointment.*

*Who sees something more in cows than the drudgery of milking,  
more in swine than the grunt and squeal,  
more in the horse than the patient servant,  
and more in sheep than the golden hoof.*

*Herdsmen, shepherd, groom . . . yes, and more!  
Broad-minded, big-hearted, whole-souled;  
whose life and character linger long after the cordial greeting  
is stilled and the hearty handshake is but a memory;  
whose silent influence forever lives.*

*May his kind multiply and replenish the earth!*

(Herbert W. Sanford & Unknown Cartoonist)
